CONNECTING GREAT MINDS

INNOVATION IN SWITZERLAND

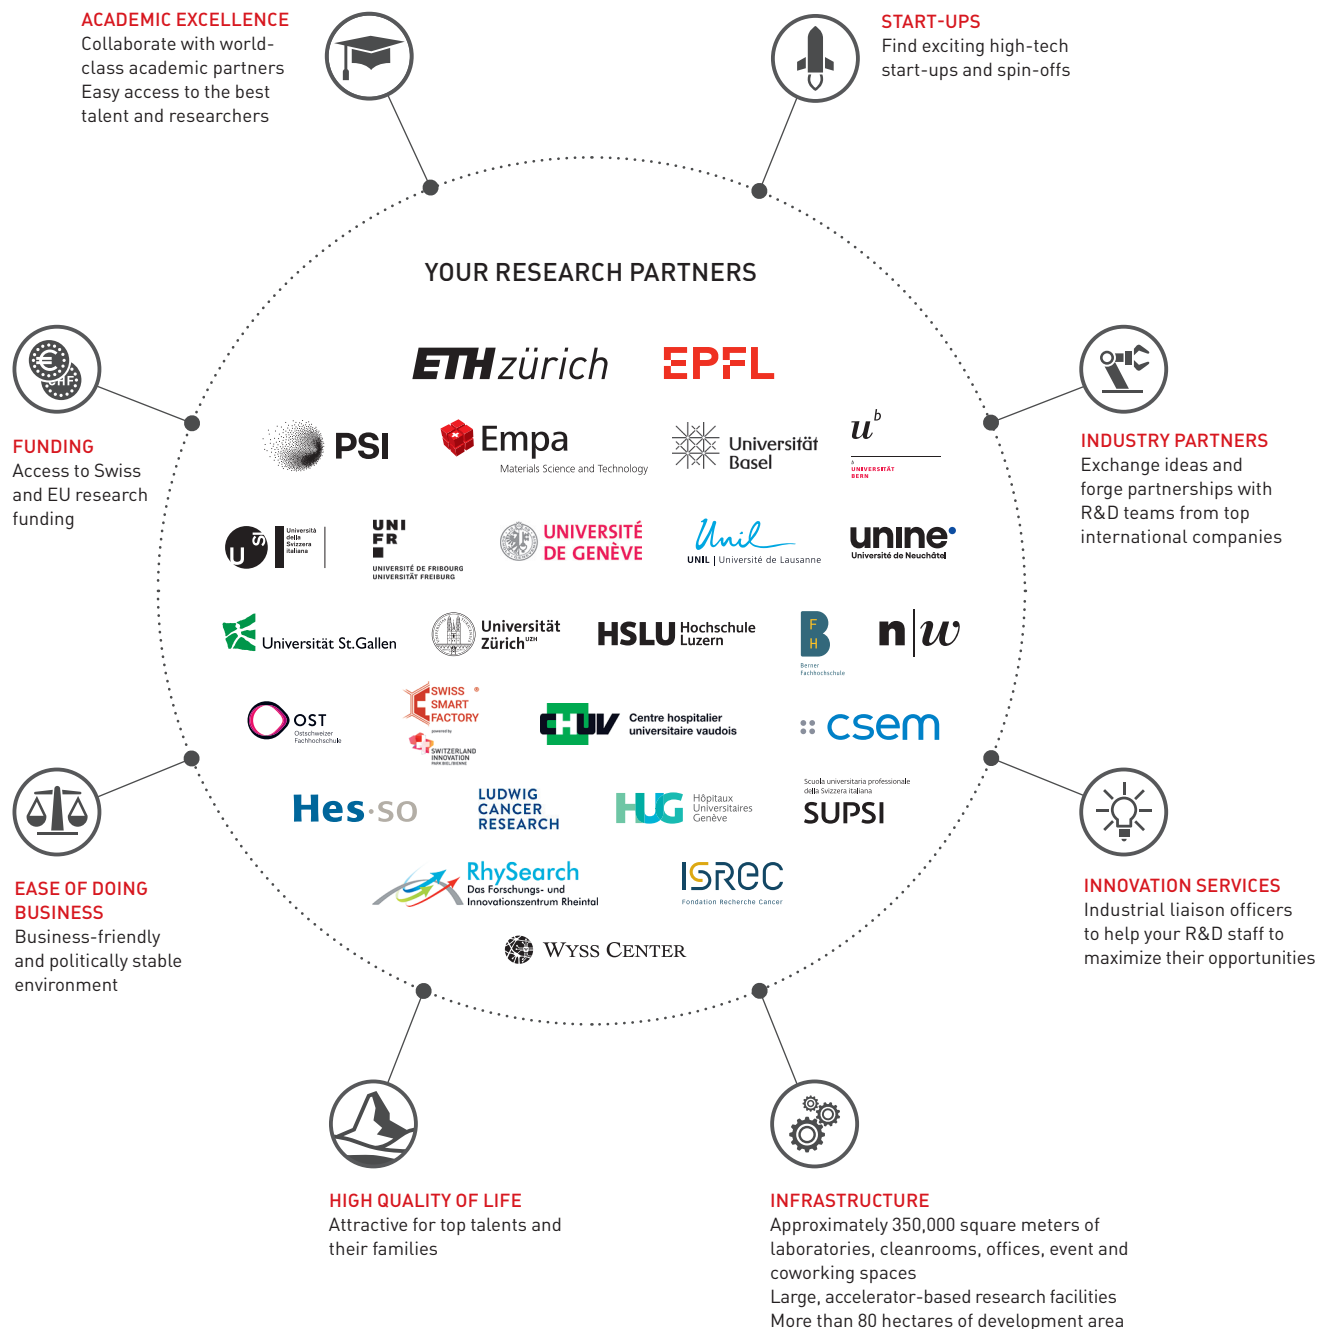

RESEARCH EXCELLENCE AT YOUR FINGERTIPS

switzerland-innovation.com

WORKING WITH YOU TO UNLEASH YOUR POTENTIAL

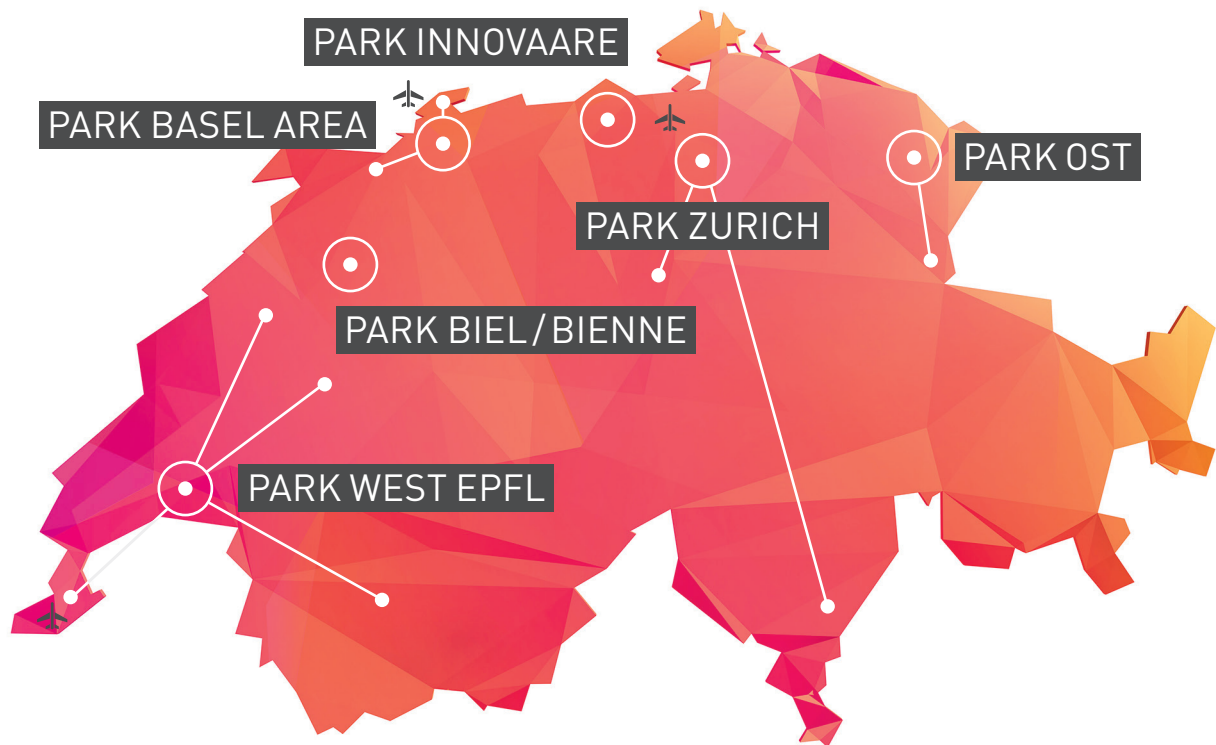

As a resident within the Switzerland Innovation Ecosystem, you can take advantage of a wide range of additional support services designed to boost your success.

JOIN THE LEADING ECOSYSTEM FOR RESEARCH & DEVELOPMENT

As an innovation platform, Switzerland Innovation enables international and domestic companies and world-leading Swiss universities to work together on the development of new marketable products and services.

-  Three international airports in Zurich, Geneva and Basel
-  Switzerland Innovation Parks, all within two hours' drive

SOME OF THE INDUSTRY PARTNERS THAT HAVE THEIR R&D CENTERS IN SWITZERLAND

A PLACE WHERE YOU CAN SHAPE THE FUTURE

You and your team are given access to an immense and diverse community of great minds.

EXPLORE OUR INNOVATION PLATFORMS

HEALTH & LIFE SCIENCES

Drug discovery and design, precision/personalized medicine, medtech, biotech, diagnostics, biomedical engineering, nutrition, human physiology

COMPUTER & COMPUTATIONAL SCIENCE

Data security (for example blockchain), data analytics, artificial intelligence, storage technologies, the Internet of Things (IoT), smart sensors, cloud computing, bioinformatics, quantum technologies

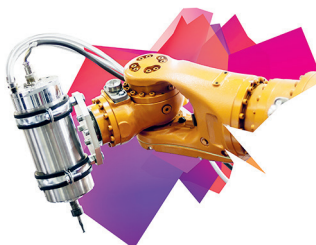

ENERGY, NATURAL RESOURCES & ENVIRONMENT

Energy storage, smart grids, power generation, smart building/living, energy/resource efficiency, green chemistry, alternative energy sources

MOBILITY & TRANSPORTATION

Aviation and space, autonomous driving, avionics and drones, electric mobility and batteries, traffic planning and transport systems, mobility infrastructure

MANUFACTURING & MATERIALS ROBOTICS

Automation, Industry 4.0, advanced manufacturing, accelerator technology, nondestructive testing, new materials, nanotechnology, microelectronics, photonics

THE INVALUABLE
POWER OF A
COMMUNITY
SPREAD OVER:

6

innovation parks

16

innovative sites

>700

resident companies

25

start-up accelerator and
incubator programs

68

researchers/academic
partners

260,000 m²

laboratories, cleanrooms,
offices, event and coworking
spaces

THE BENEFITS OF COLLABORATING WITH SWITZERLAND INNOVATION

We offer a world-class combination of infrastructure, value-added services, living space and community engagement.

YOKOGAWA 

GATEWAY FOR EUROPEAN R&D EXPANSION

“Yokogawa Innovation Switzerland is located at the European center of the biotechnology and life sciences industry. It is the ideal location from which to promote Yokogawa’s bioeconomy business through R&D and partnerships.”

Tsuneji Sawai Senior Advisor, Yokogawa

NEVER MISS THE EMERGING TRENDS

“I believe that the Swiss Smart Factory will be the place for manufactures in Switzerland, and beyond to experience a smart factory first-hand to empower them on their digital transformation journey. I am looking forward to seeing the production of the drones.”

Roger Mueller Industry Director, Microsoft

BRIDGE THE WORLDS OF ACADEMIA AND INDUSTRY

“Being innovative means being open. One of the best ways of doing this is to ensure proximity between academic innovation – in this case EPFL – and the companies where projects are carried out and decisions are made. We believe that any company that wants to innovate should do the same and find a way to be close to centers of innovation, while staying connected to their own production sites.”

Olivier Pajot Innovation Cell Manager, Sonceboz
